Exchange Students:

The Centre for International Programs (www.uoguelph.ca/cip) is here to help you have a successful exchange to the University of Guelph.
We will:

- Send you an exchange acceptance package with all the information you need
- Assist you in finding accommodation
- Provide you information and assist you with course selection
- Answer all your questions before and after you arrive at Guelph
- Connect you with a LINK partner, a University of Guelph student who will help you settle into student life

The Experience:

"Guelph was the best university I could have chosen to go to. The exchange office at the university had so many events and activities for us to get involved in... From skiing, NBA games, a visit to a maple syrup farm, Toronto trip, ice hockey games… There was so much that we could do and it gave us a great opportunity to meet other exchange and Canadian students."

- Lisa Wheatley, Curtin University, Australia. Exchange student, 2006.

Academic programs:

- Arts
- Sciences
- Commerce
- Computing
- Engineering
- Environmental Science
