COMPANY DESCRIPTION

SAP’s vision is to help the world run better and improve people’s lives.

As the cloud company powered by SAP HANA®, SAP is a market leader in enterprise application software, helping companies of all sizes and industries run better. SAP empowers people and organizations to work together more efficiently and use business insight more effectively. SAP applications and services enable our customers to operate profitably, adapt continuously, and grow sustainably.

At SAP, we believe in the power of collaboration and empower our employees to perform at their best in an environment that encourages free and open expression of ideas. You’ll work alongside creative thinkers who share your interests, while turning big ideas into reality for our customers. With innovative job training, mentors to help you grow, and the flexibility to balance your work and personal life, you’ll be able to get more out of your career. It’s no wonder that some of the sharpest minds from around the world are working for a company that is consistently recognized as a global top employer.

Now it’s your turn to take the next step and help make the world Run Simple.

Job description :

PURPOSE AND OBJECTIVES

The MTT Strategy & Innovation team is a small and focused business technology team, that operates in a startup-like atmosphere, where agility and teamwork count. We are constantly looking for new ways to innovate, excite and make an impact for the business. Our projects cover the full application development cycle – from the definition of the business problem and the process analysis to the UX design and development.

EXPECTATIONS AND TASKS

As part of our team, you will play an integral part in the creation of applications based on SAP’s latest technologies like the SAP Cloud Platform. You will be responsible for developing high-performing business applications with a consumer-grade user experience.

Your tasks will include:

- Work closely with designers, developers and product managers to build best-in-class user experiences;
- Design and develop performant and responsive UIs for all screen sizes using SAPUI5;
- Contribute to the entire application lifecycle from the definition and design to the application go-live;
- Share ideas and knowledge with a small team of experts in a dynamic environment;
- Stay up to date on best practices and the latest technology developments.

Preferred start date for the internship is as soon as possible for a duration of 6 months.
**Required profile:**

**EDUCATION AND QUALIFICATIONS / SKILLS AND COMPETENCIES**
- Student (f/m) at a university or university of applied sciences in Computer Science or a related technical field
- Computer Skills: Experience in developing web applications with an eye for good design
- Knowledge of web development technologies as JavaScript, HTML, CSS, jQuery
- Knowledge of at least one object-oriented programming language like Java or C# would be a plus

- Language Skills: Proficient in English and German
- Previous project experience is a plus
- Soft Skills: Humor and common sense
- Structured and self-organized working style with a strong attention to detail and quality

Your set of application documents should contain a cover letter, a resume in table form, school leaving certificates, certificate of enrollment, current university transcript of records, copies of any academic degrees already earned, and if available, references from former employers (including internships). Please describe as well your experience and skills in foreign languages and computer programs / programming languages.

**SAP’S DIVERSITY COMMITMENT**
To harness the power of innovation, SAP invests in the development of its diverse employees. We aspire to leverage the qualities and appreciate the unique competencies that each person brings to the company.

SAP is committed to the principles of Equal Employment Opportunity and to providing reasonable accommodations to applicants with physical, sensory and/or mental disabilities. If you are interested in applying for employment with SAP and are in need of accommodation or special assistance to navigate our website or to complete your application, please contact us at Careers.Germany@sap.com. Requests for reasonable accommodation will be considered on a case-by-case basis.
