COMPANY DESCRIPTION
SAP started in 1972 as a team of five colleagues with a desire to do something new. Together, they changed enterprise software and reinvented how business was done. Today, as a market leader in enterprise application software, we remain true to our roots. That’s why we engineer solutions to fuel innovation, foster equality and spread opportunity for our employees and customers across borders and cultures.
SAP values the entrepreneurial spirit, fostering creativity and building lasting relationships with our employees. We know that a diverse and inclusive workforce keeps us competitive and provides opportunities for all. We believe that together we can transform industries, grow economics, lift up societies and sustain our environment. Because it’s the best-run businesses that make the world run better and improve people’s lives.

Job description:

PURPOSE AND OBJECTIVES
According to our mission "We enable the world to innovate", the SAP Knowledge and Education team is responsible for user assistance content and services as part of SAP products, along with product learning offerings, SAP Enable Now and SAP Live Class, a new generation of knowledge transfer for the workforce. We also cover global education delivery and education consulting, as well as the leading cloud learning services openSAP and SAP Learning Hub for SAP professionals, end users, and other external communities. Within SAP Knowledge and Education, the Digital Learning Center of Excellence (DLCoE) provides expert support and services focusing on solution- and product-enablement activities such as webinars, eLearning and media creation as well as video production.

EXPECTATIONS AND TASKS
DLCoE Video and Virtual Events organizes and manages powerful, flexible and customer-focused virtual events and training sessions for any internal SAP board area, providing consulting and communication, and therefore contributing to innovation in knowledge transfer for SAP in the form of presentations, lectures and trainings. Our highly diverse team also delivers powerful, flexible and customer-focused video recordings and post production to any internal SAP board area, driving innovation in knowledge transfer for SAP in the form of presentations, screen/whiteboard recordings, animations and interviews.
Engage with internal clients and conceptualize ideas by creating professional pre-production storyboards in accordance with personal visions. Help manage the organization, preparation and execution of video recordings in or outside our video studio in Walldorf. Set up and operate video cameras, light and audio equipment, teleprompters and other tools for single and multi-camera shots, improve the setup and production process and support our experts in providing technical consulting to customers. Contribute to the production and post-production of video and audio recordings, containing graphics and basic animations.

Required profile:
EDUCATION AND QUALIFICATIONS / SKILLS AND COMPETENCIES

* Student at a university or a university of applied sciences
* Preferred fields of study: Multimedia Communications, Media Studies, Media Technology, Film and Media Arts, Multimedia Web Productions
* Computer skills: experience with Adobe Creative Suite (Photoshop, After Effects & Premiere Pro), basic knowledge in MS Office application (Word, PowerPoint, Excel)
* Technical skills: experience with video-related tools, such as video and audio equipment as well as teleprompters
* Language skills: advanced communication skills in English and German (written and verbal)
* Soft skills: ability to work in a team
* Others: ability to organize your work

Your set of application documents should contain a cover letter, a resume in table form, school leaving certificates, certificate of enrollment, current university transcript of records, copies of any academic degrees already earned, and if available, references from former employers (including internships). Please describe as well your experience and skills in foreign languages and computer programs / programming languages.
