Your career at CENTOGENE starts now!

CENTOGENE AG is a global leader in the field of genetic diagnostics for hereditary diseases. The international certified (CAP/CLIA/ISO) company is a globally operating biotechnology company with headquarters in Rostock and Berlin and international offices (Boston, Dubai, Delhi, Vienna).

CENTOGENE is supported by the application of cutting-edge technologies (whole exome/genome sequencing, large organ-specific panels, innovative biomarkers based on high-end mass-spectrometry) and is constantly developing new innovative products in the field of genetics. The analysis of samples from more than 115 countries as well as our IT-based (big data, artificial intelligence) molecular knowledge are the basis for the constant development of the largest mutation database for hereditary diseases (CentoMD®). CENTOGENE is also a strong international partner for multiple renowned pharmaceutical companies in the orphan drug market.

An international team consisting of over 300 employees of 40 different countries is waiting for you. With our new headquarter in Rostock we are offering the best conditions to create your very own career in a modern and dynamic company.

Those advantages are waiting for you at CENTOGENE:

• Talents are individually supported by internal and external trainings
• An international career in a multicultural environment
• Regular company events form us as one team
• In house yoga classes, back exercises and a fitness area are available for free
• Lunch breaks and meetings on our roof terraces feel like vacation when looking at the Warnow
• Bike-leasing or job tickets allow an environmentally-friendly and reasonable travel to work
• In case of language barriers we offer German and English classes as well as support in finding accommodation to help you get going

You are convinced that CENTOGENE is the perfect employer for you? Then we are looking forward to receiving your application for the full-time position in Rostock as:

Corporate Communications Intern (m/f/d)

Your tasks will be:

• Conducting research for current projects and new opportunities
• Providing support in content drafting, media relations, online community engagement and event management
• Assisting with research, planning, copywriting, organization and administration
• Organizing and attending meetings
• Report preparation

You have the following skills and qualifications:

• Enthusiasm for working in an international and interdisciplinary environment
• University student - ideally working towards a Marketing, Journalism, or Communications-related degree - or a recent graduate
• Digital savvy and familiar with digital platforms inside-out
• Strong interest in pursuing a career in corporate communications and/or government relations;
• Skilled in Microsoft Office 365 (Power Point, Word, Outlook)
• Reliable, detail-oriented, and with analytical thinking
• Able to balance multiple tasks and work in a fast-paced environment
• Able to work as in a team and independently
• Experience with video and audio editing software preferred
• Adobe Suite skills preferred (Photo Shop, InDesign, etc.)
• Strong interpersonal skills and ability to interact with colleagues at all levels

We are happy to receive your application. If you want to start your professional future in a dynamic, open minded and successful team send your application above per email as one PDF document to jobs@centogene.com.
