CAReer Trainee for automatic transmission and 4WD electronics Mercedes-Benz Vans

CAReer – The Top Talent Program is the ideal start for a long-term career with Daimler. Being an entry-level professional training program, CAReer is targeted at university graduates or early professionals who want to get to know the company inside out and take on management and project responsibility early on. With this particular CAReer position, you will launch your future career in the department “Powertrain E/E Systems & HV Energy Devices”:

The innovations of tomorrow require ideas today. Work with us to integrate new transmission control units and 4-wheel drive systems into vehicles that will set new standards in comfort, driveability, fuel consumption and traction for our customers.

Your responsibilities include:
- The task requires interdisciplinary collaboration with the E/E and mechanical departments in MB Vans and MB passenger cars
- For new projects you will integrate the transmission control unit and the transfer case control unit into the E/E vehicle system in close collaboration with other project members.
- You are the main transmission and 4WD representative during the project. You will participate in multi-cultural teams consisting of members from Car and VAN development in Germany and our business partners in Austria, Japan, etc.
- Committee representation and coordination of the company’s internal information flow

We expect from you:
- An excellent university degree Vehicle technology, Electrical engineering, Mechatronics, Technical cybernetics, Mechanical engineering, or equivalent (ideally as a Master degree)
- First professional work experience (18 months are obligatory with a Bachelor’s degree)
- Several months of solid experience abroad
- Excellent English language skills along with very good knowledge of German
- You convince us with your personality and enjoy the management responsibility
