CAReer – The Top Talent Program is the ideal start for a long-term career with Daimler. Being an entry-level professional training program, CAReer is targeted at university graduates or early professionals who want to get to know the company inside out and take on management and project responsibility early on. With this particular CAReer position, you will launch your future career in the department “Controlling & Reporting RD”:

Research and Development (R&D) translates visions into reality. It decides whether an automobile manufacturer will survive in a time of constant change. Thus, R&D is the main lever to ensure the future of a company and to distinguish itself from its competitors. Connected, Autonomous, Shared and Electric are key words that represent the current challenges of the automobile industry and will transform the business as we know it today into one of the most enthralling industries of the future. As part of our Planning and Reporting of R&D expenditures and EbIT team you will take on a key role in generating budgetary transparency regarding our global R&D expenditure in these challenging times of change.

Your responsibilities include
- Preparing management presentations to depict the global R&D costs of Daimler AG.
- Responsibility for coordinating and securing a solid, stable and reliable planning process for Mercedes-Benz Cars (MBC) development worldwide in times of constantly changing information requirements

We expect from you
- An excellent university degree in Business & economics, Business studies, International management, Business & engineering, or equivalent (ideally as a Master degree)
- First professional work experience (18 months are obligatory with a Bachelor’s degree)
- Several months of solid experience abroad
- Excellent English language skills along with very good knowledge of German
- You convince us with your personality and enjoy the management responsibility
