Job offer

The Max Planck Institute for Demographic Research is seeking a

Student Assistant

for the Laboratory of Population Health. The candidate should have a background in demography, economics, sociology, or a related field. Required skills are spreadsheet experience (Excel, Google sheets, etc.) and a good command of English. Experiences with R programming and foreign language skills including Arabic, Russian, French, or others are desired.

The tasks include

▪ daily recording of tabular data from COVID-19 dashboards;
▪ entering data into our Google Sheets templates;
▪ communicating via e-mail, spreadsheet comments, etc. with other team members;
▪ organizational support.

The successful candidate can ideally start on October 15, 2020. The first contract runs over 6 months with the possibility for a prolongation. The number of working hours is max. 40 hours per month. More information on the work of the institute is available at www.demogr.mpg.de and on the international collaboration called COVerAGE-DB at https://osf.io/mpwjg/.

The application should include a cover letter as well as a CV with details of your academic studies, grades, and your interests. Applications are accepted on a rolling basis.

Please address your application to Anja Ewald at sekmyrskyla@demogr.mpg.de.

The Max Planck Society wishes to increase the share of women in areas where they are underrepresented and strongly encourages women to apply. The Max Planck Society is committed to employing more individuals with disabilities and especially encourages them to apply.
