The Leibniz Institute for Agricultural Engineering and Bioeconomy is a pioneer and a driver of bioeconomy research. We create the scientific foundation to transform agricultural, food, industrial and energy systems into a comprehensive bio-based circular economy. We develop and integrate techniques, processes and management strategies, effectively converging technologies to intelligently crosslink highly diverse bioeconomic production systems and to control them in a knowledge-based, adaptive and largely automated manner. We conduct research in dialogue with society - knowledge-motivated and application-inspired.

To support the coordination of an EU project in the field of digitization and agroecology, we are looking for a project manager as soon as possible

**Project Manager (m/f/d) (50 %)**

The EU-funded coordination and support action aims to develop and provide information on the compatibility of digital innovations and requirements for agroecology for various stakeholders and the general public. ATB coordinates this action in cooperation with 11 partners from 7 countries.

**Your responsibilities**

- Communication with the partners in the project, coordination of schedules and reporting obligations, obtaining interim results and reports from partners.
- Preparation, implementation, follow-up of meetings of the consortium partners
- Preparation of reports and publications

**Your qualifications**

- Successfully completed university studies in the field of agricultural sciences or geocology.
- Knowledge and experience in the coordination of scientific research projects in the field of agroecology or digitalisation
- Solid knowledge in the field of digitalisation in agriculture, knowledge in the field of agroecology.
- Confident use of MS Office programs, nextcloud or other communication platforms
- Knowledge and experience in the use of videoconference software (esp. zoom)
- Ability to work independently, personal commitment, reliability, flexibility as well as team spirit and willingness to cooperate are required
- Confident command of German and English language, both written and spoken
- Willingness to travel, European driving license class B

**We offer**

- Excellent infrastructure for your work
- An exciting job in highly topical subject areas
- Family-friendly working conditions that promote the compatibility of work and family life
- Company-owned electric bicycles for business trips
- Participation on the VBB company ticket
- Our institute is located on the edge of a picturesque park-like landscape and is easy to reach by public transport or by bike

The position is part-time (50 %) and limited to June 30, 2025. Remuneration depends on your qualifications and professional experience up to EG 13 TV-L. The position is filled subject to the grant from the funding body.

For further information, please contact Dr. Andreas Meyer-Aurich (Tel.: +49 331-5699 222, E-Mail ameyeraurich@atb-potsdam.de) and visit our website [www.atb-potsdam.de](http://www.atb-potsdam.de).

If you would like to contribute your professional competence to our interdisciplinary research, please apply by the following deadline **April 24th 2022** using ATB’s online application form for the job advertisement, [code](#)
2022-2-2, at https://www.atb-potsdam.de/en/career/vacancies. Applications received after the application deadline cannot be considered.

Equality of opportunity is part of our personnel policy. Disabled applicants with adequate qualification will be preferentially considered.

By submitting an application, you agree that your job application documents will be stored for a period of six months, even in the case of an unsuccessful application. Further information on the processing, storage and protection of your personal data can be found at https://www.atb-potsdam.de/en/services/data-protection-declaration-for-the-application-process.
