

Agronomic Data Specialist (m/f/d) - Hybrid Option GER

Agriculture is all about balance. The balance that is crucial to everyone's existence - also applies to our Agricultural Solutions division. We connect innovative thinking with practical action to find the right balance for success - for farmers, agriculture and future generations. With seeds and traits, crop protection and digital solutions, we help farmers produce food more efficiently, protect the land and meet the needs of society.

RESPONSIBILITIES

Join our Agricultural Solutions Expert Services team at the Berlin Hub and bring our digitalization strategy to the next level.

- o You are one of the first users of our new systems and databases, which allow the Agricultural Solutions unit to provide product-specific data on a global basis.
- o With your sound knowledge of crops, you support our international project team and take your own responsibility in realizing our digitization strategy.
- o Together with experts from different teams, you gather necessary information and incorporate it into the new data system after appropriate preparation.
- o Finally, you have the flexibility to support our team with activities such as data entry or reporting as necessary.

BENEFITS

- o Location-independent work models with defined presence days in Berlin and residence in Germany.
- o Flexible working hours so that you can organize your working and private life according to your needs.
- o 30 days of paid vacation, special leave and sabbatical options.
- o Professional onboarding to help you settle in quickly, ensuring you are part of the BASF team from day one.

ABOUT US
