General Accountant

Kraken Power GmbH designs and manufactures unique pressure tolerant thrusters, drives, batteries, and electronics. The company was established in 2016 and is a successful subsidiary of a fast-growing international business called Kraken Robotics Inc. It is a publicly traded company, which consists of four legitimate entities. Two of those entities are based in Germany, one in Rostock and one in Bremen, furthermore there is an office at the United States and finally the headquarters in Canada.

We are looking for a flexible and forward-thinking General Accountant, who shares our vision for this company and our willingness to work hard, in a start-up environment, to bring that vision to life. Do you like challenges? Do you have a good portion of humour and you love numbers?

Join the Kraken Team!

Responsibilities

• Account assignment and booking of all business transactions
• Management of the monthly, quarterly, and annual financial statements submissions according to HGB (German GAAP) and the requirements for the parent company (IRFS)
• Provide support to the siter company Kraken Robotik GmbH in Bremen (20% activity, most of it could be done remotely)
• Assisting in development and documentation business processes and accounting policies to maintain and preserve internal controls
• Review and reconcile intercompany accounts monthly
• Implementation of accounts payable, accounts receivable and asset accounting
• Booking of incoming and outgoing payments for all bank accounts
• Preparation of the monthly VAT advance returns
Qualifications and Skills

- At least 5 years of professional experience in a production company preferred
- Very good English language skills
- Knowledge of international accounting in accordance with IFRS would be an asset
- Previous experience with ERP systems is desirable, preferably ORACLE
- Ability to work in a team but also independently
- High resilience, diligence, and accuracy
- Minimum travel required (ideally, Rostock is the location of employment, but there is flexibility for considerations of remote working within Germany)

You are this person, and you are as dedicated as we are? Then send an application to info@krakenpower.de, person of contact is Bianca Souffrant and have a warm welcome in Rostock at the Baltic Sea in Germany.
