CALL FOR
SPEAKERS

Calling for Speakers
Aug 12 - Sept 15

hey, what's this?

Studierendenvortragsreihe Gender

Studies is a lecture series organized by students. It's a stage dedicated for student researchers who want to present their projects and exchange feedback with their peers.

After a successful pilot program during the Summer Semester 2019, we have the opportunity to organize an official course for Gender Studies students at Humboldt-University, granting 2 credit-points under the module "Free Choice" (module 6 in B.A., module 8 in M.A.).

So we are out here looking for original and insightful student researchers to become our speakers for the coming semester!
